Walk past Bristol Mountain Aerial Adventures across the Hale Bopp trail to the Morning Star Lift Terminal. Offers views south down the Bristol Valley.

• .4 miles round trip from the Comet Express.

Beginner. Level with one small moderate incline.

#### **Rocket View Point**

Hike down the Ursa Major trail, down a short distance on the Rocket Trail to the knoll overlook. The hike offers views north up the Bristol Valley and a glimpse of Canandaigua Lake.

5 miles round trip from the

Intermediate/Expert.

# **Comet View Point**

Hike down Haley's Road to the top of the Comet Trail and the Comet Race Building. Views are east across the Bristol Valley and south down Haley's Run across the Bristol Valley.

.35 miles round trip from the Comet Express

Beginner/Intermediate

# **HIKES AT THE SUMMIT**

### **Aries Cross-Country Trail**

Hike through the woods on the Aries Cross-Country Trail. A mostly level hike with a few moderate inclines and declines.

.85 mile loop from the Comet Express

Beginner/Intermediate

## **Bristol Ridgeline Walk**

Walk along the Bristol Mountain ridge line to the Galaxy Express Terminal and catch glimpses of the Bristol Valley from multiple view points.

.5 mile round trip from the Comet Express

**►** Beginner

### **EASY HIKES DOWN**

#### Halle Bopp > Milky Way > Eclipse > Infinity

Follows the primary access road down the mountain. Stop at the Morning Star View Point for views south down the Bristol Valley.

Enjoy this gradual and scenic hike down the mountain!

#### Haley's Run > Sunbelt > Shooting Star > **Eclipse > Infinity**

Hike down the mountain while enjoying views south down the Bristol Valley. Take a quick stop near the summit at the Comet View Point for views east across the valley.
