ASSUMPTION OF RISKS NYS SAFETY IN SKIING CODE

Skiers, snowboarders, and lift passengers are governed by the NYS Safety in Skiing Code, Article 18 of the NYS General Obligations Law. Before accepting a pass or allowing a pass to be affixed to you, your attention is directed to the "Warning to Skiers" outlined below. NYS law requires you to seek out, read, review, and understand the "Warning to Skiers" before you participate in the sport of skiing or snowboarding. Skiers and snowboarders can be arrested for failure to comply with Article 18 of the NYS General Obligations Law and will be required to leave the premises. Skiing and snowboarding privileges will be denied and no refund of the season pass or lift ticket purchase price will be issued.

WARNING TO SKIERS

Downhill skiing and snowboarding, like many other sports, contains inherent risks including, but not limited to the risk of personal injury, including catastrophic injury, or death, or property damage, which may be caused by variations in terrain or weather conditions; or surface or subsurface snow, ice, bare spots or areas of thin cover, moguls, ruts, bumps, or other persons using the facilities; or rocks, forest growth, debris, branches, trees, stumps; or other natural objects or man made objects that are incidental to the provision or maintenance of a ski facility in New York State. New York law imposes a duty on you to become apprised of and understand the risks inherent in the sport of skiing or snowboarding, which are set forth above, so that you make an informed decision of whether to participate in skiing or snowboarding not withstanding the risks. New York also imposes additional duties upon you, to which you must adhere, for the purpose of avoiding injury caused by any of the risks inherent in skiing or snowboarding. If you are not willing to assume all of these risks and abide by these duties you must not participate in skiing or snowboarding at Bristol Mountain.
